

13. The remote video surveillance server of claim 12, wherein the data further include an alarm signal that causes the data to be transmitted to one of the view stations for display.

14. The remote video surveillance server of claim 5, wherein the field terminal is remotely located with respect to the view stations.

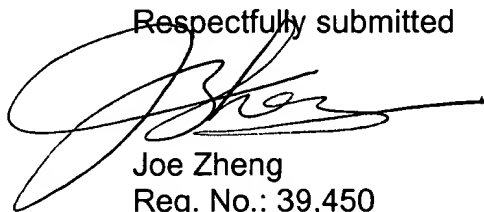

REMARKS

The Applicants respectfully request the Examiner to enter the above amendments before considering the application. Claims 1-14 are now pending.

The amendments to the claims are believed to better cover the inventions. No new matters have been introduced.

Allowance of the pending claims is earnestly being solicited at the earliest possible date. Please telephone the undersigned at (408)777-8873, if there are any questions.

Respectfully submitted

Joe Zheng
